SUBSTANCE OF INTERVIEW

Applicants would like to thank the Examiner for initiating a telephonic Interview on September 9, 2010. The Examiner indicated that claims 15-18 and 28 are in condition for allowance. The Examiner presented a previously uncited 102 reference (U.S. 5,111,514) and asserted that it applies to independent claims 1 and 19. The Examiner proposed an Examiner Amendment incorporating dependent claim 4 into claims 1 and 19 and indicated that the Amendment would put independent claims 1 and 19 in condition for allowance over the new reference. Applicants agreed to review the new reference and consider the proposed Amendment. In a second telephone call on September 10, 2010, Applicants indicated to the Examiner that they did not agree that U.S. Patent No. 5,111,514 anticipates independent claims 1 and 19. However, in order to advance prosecution, Applicants agreed to an Examiner Amendment incorporating the elements of claim 4 into claims 1 and 19.
